

TECHNICAL DATA SHEET: SS KITCHEN SINK ACCESSORIES KIT

S No	Accessory Name	Accessory Details
1	Overflow Plug	Made from High quality PVC, it helps avoid overflow of water from sink due to water clogging
2	Overflow Pipe	High quality PVC hose pipe connecting the overflow plug with outlet pipe
3	SS 304 Grade Strainer	SS 304 grade multi-layer strainer to avoid rusting and effective draining
4	S shaped Anti-Stinking Pipe	Made from high Quality PVC, it is specifically designed outlet pipe to reduce odor and improve draining system
5	Drain Pipe	Made from high quality PVC it connects the sink pipes with drain system

Note: For Double Bowl Sinks, accessories kit additionally includes another piece of 3) SS 304 grade strainer and 5) Drain Pipe.

The most important accessory is the strainer.

- SS 304 grade gives it anti-rust properties and high durability.
- The multi layers that constitute the strainer (as shown in image) help in superior straining capability.
